

## “J and B Projects”

### PRESS RELEASE

For Immediate Release

## Gold Coast Building Icon J & B Projects Prove Their Worth Taking Out Prestigious 2011 Master Builders Award.

“Quality Execution and Outstanding Workmanship” Seals the Win for J&B in the Category of Industrial Building up to \$4 million.

**Gold Coast, Queensland (October 31, 2011)** – Choosing a builder for any size project is a daunting task, but when the costs run into millions of dollars, you just don’t take chances.

When a local Gold Coast businessman needed a new warehouse/distribution centre built, one particular building company seemed to hold the right credentials.

Established in 1971, *J and B Projects* are specialists in commercial, industrial and residential building. Providing a complete service from design through to construction – or construction only of pre-approved plans, ***J and B* have just received one of the highest accolades from the Master Builders’ State Awards.**

Winning the category “Industrial building up to \$4M”, *J and B Projects*, owned by husband and wife team Brad and Jo Kane, pushed on through some of the worst weather the Gold Coast has seen in decades, to not only finish the winning building on time, but also to finish it to an exceptional standard.

“This is a step up from our Gold Coast Regional award in August,” said Brad Kane. “We are very pleased to have won and believe this is a reward for all the hard work and dedication to our customers.”

As site supervisor, Brad prefers to be on hand to ensure all projects stay on schedule, and are finished to the highest quality, from concept to completion. It is this attention to detail that makes *J and B Projects* stand out from their competition, and to add further testament to this, the owner of the winning building has now leased the building to 'Australian Air EXpress" who are also extremely impressed with the quality of the building.

The real bonus with awards such as these is the added peace of mind for potential clients when searching for a project builder. The Master Builders’ Awards set the industry standards nationwide, and *J and B Projects* have just proved their worth.
