Location : Gold Coast
Subject : **Testimonial Letter**

Dear Brad,

We found working with J+B Projects a positive experience from start to finish.

The level of service and attention to detail were excellent, and communication and coordination on site was efficient and thorough.

All in all the construction stage was made easy thanks to a flexible and accommodating builder - their process and workmanship is to be commended.

Many thanks, we would be happy to work with you again.

Kind Regards

Michelle Fielding
